OUR HOME DELIVERY SERVICE

We want to deliver the best quality dishes: this is why the kitchen team prepares each first or main course so that you can finish cooking in a few steps following the instructions included, or simply reheat them. The salads, appetizers and desserts are ready-to-eat.

ORDERING IS EASY!

Just call +39 0473 292 292 or via our new online shop www.byhidalgo.it. Reservations for late afternoon delivery must be made by 11:00 am.

DELIVERY OR COLLECTION

Delivery takes place in the late afternoon / evening. Every day, we plan the route based on the reservations: the exact delivery time is mutually agreed upon beforehand by telephone.
You can also pick up the dishes you ordered directly at the restaurant and receive a 5% discount. In this case, the hours are 11:00 am-2:30 pm and 6:00 pm-10:00 pm.

DELIVERY AREA

We deliver free of charge to the entire Burggrafenamt/Burggraviato from an order value of 50 Euro. To Bolzano/Bozen, Appiano/Eppan and Caldaro/Kaltern from an order value of 100 Euro.

FRESHNESS GUARANTEE

We prepare each dish individually with the freshest ingredients. For this reason, if stored correctly in the refrigerator, our specialties can be perfectly preserved for up to 24 hours without affecting the quality or taste. You can order today what you want to eat tomorrow for lunch or dinner without worries: the foods will be as good as freshly cooked, and you can allow yourself even more flexibility.

PAYMENT

If you order online, you can pay with Paypal or by credit card, while if you book by phone, credit card payment is accepted. In both cases, you can also choose to pay cash directly on delivery (if possible, we kindly ask you to prepare the exact amount).

SUSTAINABLE PACKAGING

We are particularly attentive to the health of our environment. This is why, whenever possible, we have opted for compostable containers in bagasse, a residue from the processing of sugar cane. We use plastic boxes because they are resistant to the high temperatures of the oven and microwave (up to 220° C). The latter are made of rPET, made up of 80% recycled material and also recyclable itself.

HIDALGO & AOMI

Otto Mattivi opened the grill restaurant Hidalgo in 1980 when he returned after a long stay in Argentina. The restaurant is a favourite of meat lovers and fine Mediterranean cuisine, even beyond the regional borders. In addition, since 2015, the Aomi restaurant has been creating culinary delights based on the tastiest meats in the world Wagyu and Kobe Beef, from Japan and South Tyrol. On our “Hidalgo at Home” menu, you will find specialties from both our restaurants.

This meat is characterised by its particularly intense flavour, which is due to the South Tyrolean herb meadows.
